Additional Backup Information

The purpose of this agreement is to memorialize the respective responsibilities of the Austin-Bergstrom International Airport (Airport) and the Capital Metropolitan Transportation Authority (CapMetro) regarding the operation and maintenance of the bus stop at the Airport. This agreement will establish the following: (1) access to City utilities, including data and communications cables; (2) design, construction, and connectivity standards for the bus stop and related infrastructure; and (3) CapMetro's and the Airport's respective responsibilities for funding, design, construction, installation, operation, maintenance, and repair of a dynamic message sign system to announce the arrival of the next bus at the Airport.

The Airport will be responsible for the design, construction, and maintenance of the bus shelter. CapMetro will be responsible for supplying all data and data service to the touchscreen Digital Display System located within the bus shelter, including the arrival of the next CapMetro bus, web-browsing access to bus route information, and ticket pricing.

A contract for design and construction of the bus shelter in the amount of \$546,480 was previously approved by Council on January 26, 2017, item number 5.
